<p>164 164.1</p>	<p>Update on Footpaths and Bridleways</p> <p>Mr Rose was unable to attend the meeting but submitted a report for consideration it covered the following Footpaths and Bridleways:</p> <p><u>Bridleway 7</u></p> <p>Mr Rose reported the path was narrow and winding with many trees having grown up over the years restricting the width.</p> <p>There were three places where overhanging branches might inconvenience a horse rider though not prevent passage. Towards Briertey Hill Lane end the path was narrow & ran close to a stream with a steep bank down to the stream. He felt this was a potential hazard to walkers and particularly horse riders. He estimated that to clear the Bridle Way to the full required width of 3 metres to comply with the Highways Act would cost many hundreds of pounds. It would necessitate the felling many trees and clearing much undergrowth. It would unfortunately destroy the nature of the area.</p> <p>Mr Rose reported he had cleared undergrowth and overgrowth with loppers to about 8 feet all along the path. It was noted that the land was common land and owned possibly by Lichfield District Council</p> <p><u>Bridleway 9</u></p> <p>Mr Rose reported Bridleway 9 had no significant problems although it was very muddy.</p> <p><u>Bridleway 14 Farewell & Chorley</u></p> <p>Mr Rose reported this has limited headroom and was narrow in places and winding. For most of its length it is bounded by fields containing pigs. He had emailed the Farewell & Chorley clerk and he suggested the Committee may also wish to do so.</p> <p>Resolved</p> <p>a) to thank Mr Rose for his report and progress with these issues. It was noted that a copy of the report had also been sent to the Rights of Way Officer, and;</p> <p>b) to ask the Clerk to contact Farewell and Chorley regarding Mr</p>	<p>EB to contact the Farewell and Chorley Clerk regarding Mr Rose's concerns.</p>
